

TO WHOMSOEVER IT MAY CONCERN

This is to inform that the Single Channel FFT Vibration Analyser cum Balancer Model: X-Viber of M/s. VMI International AB, Sweden supplied by M/s. Vibrotech Trainers & Consultants Pvt. Ltd., Chennai in the year 2007 is helping us to **carry out many FFT diagnostic studies and single plane balancing**. It's been 10 years and we have not faced problem other than changing its batteries. The instrument is very much compact and light weight and is easy for us to carry around as it is weighing just 400 grams.

This letter is a token of Appreciation for Vibrotech Trainers & Consultants Pvt. Ltd for the supply of this instrument.
